Re: Duplicate filing entitled OPTIMIZED BUBBLE UP RECEIVER AMR SYSTEM  
U.S. Application No. 10/773,097 (this number appears to have been assigned to  
an unrelated application as well as to the present application)  
Filed : February 5, 2004  
Our Ref. : 1725.159US02

Dear Delora:

Enclosed is a copy of the above-identified patent application as filed February 5, 2004 by Express Mail. Also enclosed is a copy of the Express Label, Return Postcard and Statement.

The Return Postcard indicates that the complete application was awarded the filing date of February 5, 2004 and the U.S. application no. of 10/773,097. However, a filing receipt was never returned. Our various calls to the USPTO indicate that the originally filed patent application appears to have been lost and the application number, 10/773,097, assigned to an unrelated patent application.

In view of the above, we respectfully request that you assign a new application number and return a filing receipt indicating the original filing date of February 5, 2004.

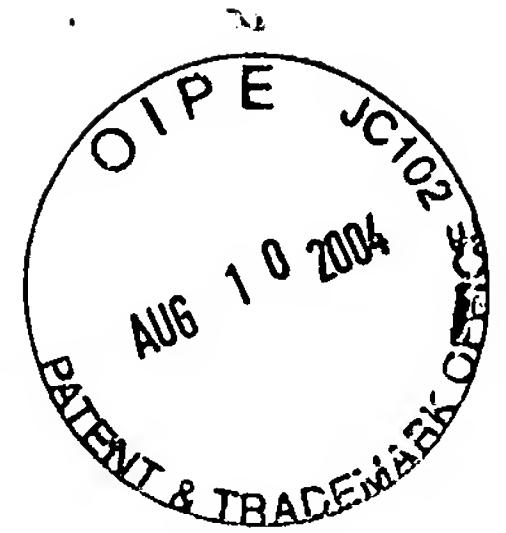

Should you have any questions, please contact me at 612-349-5750.

Sincerely,

A handwritten signature in cursive ink that reads "Kimberly K. Baxter".

Kimberly K. Baxter
